

Echézeaux

GRAND CRU -2010

2010: a small crop of beautiful grapes

After an interminably long, cold winter, proper spring weather set in during the month of April with above-average temperatures that enabled the vines to start growing quickly. Bud break took place over just a few days around the 20th of April. The poor, cool weather in June caused a great deal of coulure (shot berries) and flowering was upset as a result. The first two weeks of July were warm and sunny. Véraison (colour change) began at the usual time in mid-August, but lasted for several weeks due to rain and cool temperatures. The grapes took their time to ripen. Fortunately, sunny weather returned in early September and lasted for three weeks. A small crop with undersized berries and well-aerated bunches made it possible to maintain the fruit in good, healthy condition and obtain good ripeness. However, it took a great deal of reflection before deciding when to pick each plot. We did not react in a panic-stricken way to what was wrongly described as deterioration of the grapes!

Grape variety & area under vine

Grape variety: 100% Pinot Noir on a 0.36 hectare plot

Terroir

Located in "Champs Traversins", in the heart of the historic Echézeaux vineyard, the vines are planted in north/south rows at the end bordering on La Combe d'Orveau.

Fairly thin brown soil. Very fine sandy/siliceous gravel on the surface. Perfect microclimate: cool, well-ventilated, and healthy thanks to an air current.

Fermentation and ageing

The grapes were handpicked into small crates, then sorted and totally destemmed. The wine stayed on the skins for 21 days in temperature-controlled open oak vats. Pigeage (punching down the cap) was done twice a day during alcoholic fermentation.

100% malolactic fermentation

The wine was aged entirely in new oak barrels.

Duration of barrel ageing: 18 months

Tasting notes

Tasted in November 2012

COLOUR: Intense ruby-red with deep purplish highlights.

BOUQUET: Well-defined and fresh pure fruit aromas (blackcurrant, pomegranate and raspberry).

PALATE: Savoury, mouth-watering texture and extremely refined tannin.
